

**Martiape** is a shoe production company whose mission is to provide an excellent service to customers, ensuring good communication between the parties, studying together new solutions and complying with the defined quality requirements.

We are a company with the ambition to improve and innovate every day!

Our Quality Policy is based on the principles:

- The satisfaction, trust and respect of our customers, as a reason for business success;
- Continuous and personalized monitoring to our customers;
- Production of quality footwear through the daily improvement of our manufacturing processes, seeking and applying new technologies, materials and methods;
- Relationship with suppliers and other partners must always be guided by the search for the best quality and a cost-effective relationship,
- Compliance with the delivery deadlines for orders is strictly defined, and execution is of great importance;
- Ensure a good working environment, conditions and unity for all who are part of our team;
- Compliance with the requirement and legislation applicable to our products, as well as compliance with the requirements of the standard applicable to our Quality Management System;
- Improving the effectiveness of our Quality Management System with reference to the NP EN ISO 9001 standard.

The Administration
